BAHA is excited to offer you a great opportunity to sharpen your handling skills when working with your dog in an AKC trial arena. **The clinic is designed only for dogs who are running at trial level.** BAHA members will get first dibs, before the clinic will open to the general herding community. The clinic is limited to 10 working spots and one dog per handler but offers unlimited auditing spots. We will only work sheep.

After an initial evaluation, handlers will be divided into two groups of five dog/handler teams according to their level and will work with one clinician per group on the most common issues observed. After lunch, groups will switch clinicians. Teams will get the opportunity to work a couple of times with each trainer.

Clinic cost will be \$100 per handler/dog team. Lunch is included in the clinic fee.

Unlimited auditing spots available for \$20
